

Switch to Free Checking at Suncoast

Moving your checking account to Suncoast is easy – just follow our step by step instructions to help you switch over your account so you can take full advantage of the value and saving of our free checking account services.

Get Started

- Open your checking new account at Suncoast. This account provides you with the Suncoast Access 24 Visa Check Card which also serves as your ATM card. You will also order new checks upon opening your account.
Keep a record of your account number (printed on your checks & deposit slips) to be used on the switch forms

Switch Transactions to Your New Account

- Verify that all checks or automatic withdrawals have cleared from your previous account. These transactions might take a few weeks, so leave enough money in your previous account to cover them.
- Destroy ATM/Debit Cards, deposit slips and checks from your previous account.
- Change your direct deposit with your employer to [Suncoast](#). We can even help you complete the form. Remember to give your employer a voided check.
- [Provide merchants](#) who make automatic withdrawals (ACH or Debit) with your new Suncoast account number and routing number (located on your voided check).
- Cancel automated payment services, such as bill-paying by phone, or PC services, by contacting your previous financial institution. We have a variety of automated services designed for your convenience and we'll be happy to set them up for you.

Close Your Old Account

- Verify that all outstanding transactions on your old account have cleared and direct deposits have been transferred. [Once verified notify your previous financial institution](#) to close your account and request a check for the balance.

***Congratulations!!! You've made the move to Suncoast's
FREE checking account!***
